Dear Examiner:

As you know, you have identified some problem areas in your earlier response. We have made the appropriate amendments. We were having difficulty downloading the material (especially the drawings) off the USPTO website, but corrected the problem.

Thank-you for being so patient. We hope the following changes will be in accordance to the standards as prescribed by the USPTO.

Please feel free to contact us if any unforeseeable problems occur during your examination of our application.

Sincerely,
